Adventure Net

Tuesday, October 20, 2026 10:21 AM

- sensor, radar
- horizontal scalar

Objective: maximize adventures

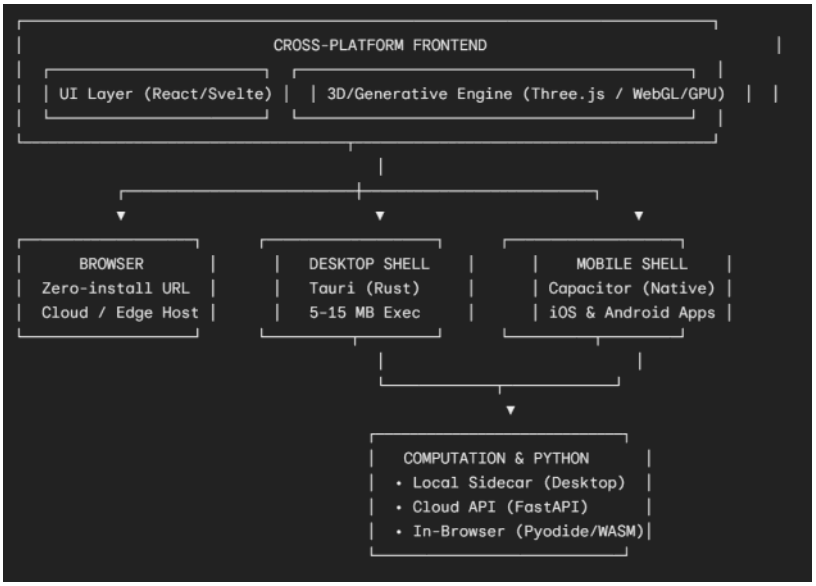

How: program tool to source/syndicate opportunities (social functions) from sub-nets
- consolidate sub-nets into super-net
- inject into RPG frontend for gamification
- outputs analyzed calendar

Sources:
- ig
- fl
- meetup, eventbrite
- RA, 19hz, dice, shotgun
- luma, discord

Tools
- Crawl4AI
- ComfyUI
- Embra Nexa ?
- GPU
- remote host
- RPG / cybernetic frontend
- python, flask
- cytoscape
- threejs
  - blender integration

make it lean; only build in service of objective
- have fun; make it whimsical and magical

Bonus: can incorporate other capabilities { quest book, resource management, news systemizer, habit tracker, etc

Quests

Tuesday, October 20, 2026 3:49 PM
